

PUBLIC PROCUREMENT CORPUS PROVENANCE REGISTER

This register records the provenance of the 35 documents in the controlled corpus for the Public Procurement Document Completeness Agent. For each file, it records the source, source location, source type, collection date, intended corpus purpose, and authorization status.

Corpus composition: DOC-001 to DOC-030 are official/public PPDA source documents. DOC-031 to DOC-035 are synthetic documents created by the project team for controlled RAG and retrieval testing; they do not represent real bidder submissions.
